MISSION STATEMENT

Pinnacle Furnishings, Inc., formerly a Miami based manufacturer, was established in January of 1995. In December of 2004 Pinnacle relocated to a state of the art manufacturing facility in Aberdeen, North Carolina. In our new 185,000 square foot facility, we are still manufacturing with the same objectives:

- ~Build the *highest quality* furniture available.
- ~ Design our furniture to last.
- ~ Solve our customers problems.
- ~ Provide superior customer service.

We believe that we are holding true to these objectives and so do our customers. Over the past years we have designed and manufactured many products to solve problems that have troubled the gaming industry for years. We are constantly striving to improve our products and services. In pursuit of this goal, we are now manufacturing our own high density molded foam and have established a new anodizing operation with electropolishing finishes within our facility. We design and manufacture products that our customers need and will have confidence in, not just what has been offered in the past.

Pinnacle's team of designers and engineers have more than 50 years manufacturing experience, with 20 of those years specifically dedicated to the design of gaming and hospitality furniture. At Pinnacle we don't leave "Good Enough" alone *we make it "Better"* and will continue to do so as long as there are customers who only want the best for their establishments. We hope to add you to our list of satisfied customers.

WARRANTY

Pinnacle Furnishings Inc. warrants they will make the necessary repairs and/or adjustments to correct any defects in materials and workmanship for all of their contract seating. This excludes all upholstery materials which are limited to that manufacturer's warranty. Two years limited warranty on multi functional gas lift. This warranty does include swivel plates provided by Pinnacle.

This warranty extends over the life of the chair. This period commences on the date the furniture is shipped. It is restricted to contract seating used in public seating areas. This warranty extends only to the original owner as stated on the original invoice.

To maintain structural integrity, the owner is required to perform semi-annual inspections of bolts and screws to insure proper torque, and grease all swivels. Failure to comply with this required inspection and maintenance will void and nullify this warranty.

Warranty repairs will be made at no charge when defective parts are returned to the factory F.O.B. prepaid and upon final inspection and evaluation as to the reason for the failure.

Pinnacle Furnishings, Inc. reserves the right to determine whether lack of maintenance and/or abnormal use has occurred. Damages due to misuse, accidents or furniture alterations are not covered under this warranty.

Should problems occur that might jeopardize the structural safety of this product, remove it from use immediately and contact our Executive Offices for assistance.
